CHIROPRACTOR

Effective Jan 1, 2021

24 Hour Cancellation policy-\$50 fee

To: All Patients

While emergencies do occur, our office provides the highest quality of care because of the proper allotment of time per patient. We keep a tight schedule and adhere to it as much as possible. This means you usually won't have to wait more than 10 minutes before Dr. Sirota is ready to see you. Additionally, we limit the quantity of patients in order to provide the highest level of care possible. Late cancellations are sometimes unavoidable and are a nuisance to any business that works by appointment. We recommend that you cancel your appointment as early as possible before the 24-hour deadline via text message to Dr. Sirota's cell phone: 917.763.4141, or to the automated appointment reminder system we use to send 3-reminders to you via text about your upcoming appointment(s).

In the event you **do not** cancel within 24-Hours prior to your appointment, the office will charge a no-show, late cancellation fee to your account. The charge is \$50 and will be posted the day of your appointment onto the credit card held on file.

As a privilege of using our appointment system, all patients are required to sign this form agreeing to this late fee should a late cancellation occur.

Please sign acknowledging this policy and agreeing to the late cancellation charge as it may occur, prior to or on your initial appointment. Thank you for your understanding and cooperation.
